

***What is
Rubix's Cube Math?***

"Holding the Rubik's Cube, twisting and turning the parts, can help children of all ages grasp important math concepts including area, perimeter, volume, angles, algorithms and enumeration, among many other geometry and algebraic topics."

Excerpted from:
www.youcandothecube.com

Using *Rubik's Cube Math* to develop skills in focusing, sequencing, memorizations, following direction and perseverance will help your child in many academic areas.

**Please plan on joining us for
this exciting
math adventure!**

You Are Invited!

As recipients of the New Jersey Department of Education *INCLUDE Grant* the Wharton Borough School District has been afforded the opportunity to extend mathematics learning beyond the school day. *Rubik's Cube Math* incorporates many of the math concepts from our 5th and 6th grade curricula while capitalizing on students' interest in learning new applied skills.

These evening activities will be open first to all *INCLUDE Math Class* students and their parents or guardians. Others will be invited only if space is available. If you and your child are interested in attending the *Rubik's Cube Math* sessions, please fill out the attached form and return it to your child's mathematics teacher by Friday, February 5th.

Please note: We encourage you to attend all four sessions however, please let us know if you might have to miss a session and we will help you and your child to catch up the following week.

All sessions will begin promptly @ 6:30PM in the TLC and end @ 8PM.

Session 1: Tuesday Feb. 9, 2010

Session 2: Tuesday, Feb. 23, 2010

Session 3: Tuesday, March 2, 2010

Session 4: Tuesday, March 9, 2010
