

# HOW TO USE THE STATE APPROVED WHARTON SES PROVIDER LIST

## ***FIRST... cross out the names of the providers that:***

- DO NOT provide tutoring to the grade your child will be in during the 2010-11 school year
- DO NOT provide tutoring in the local district your child attends ( see SES providers for Wharton page—this will help you narrow down the field)
- DO NOT tutor in the subject you choose for your child. If you are not sure which subject to choose ( reading/language arts, math or science ONLY) look at your child's report card or ask your child's teacher
- DO NOT tutor on the days you want tutoring
- DO NOT tutor in any of the group settings you think is going to help your child best
- DO NOT offer a location that is convenient to you
- ONLY offer online tutoring if you DO NOT want "online only"
- ONLY offer online tutoring and DO NOT give you a computer/internet access if you DO NOT have a computer or internet access

***SECOND...*** go to the page for each provider that you have not crossed out and read about the provider's staff qualifications. More information can be found by clicking on the SES Provider List provided on this web page. If you do not have internet/computer access you can go to the Wharton Public Library. The library has public access computers you may use. You can also contact Alan Bocchino, NCLB Director, at the Duffy School at (973) 361-1253 x 224 to make an appointment to use school computers or meet with him to help you choose an appropriate provider.

***THIRD....*** CHOOSE your first choice and DIFFERENT second and third choices. If you do not have a second or third choice, and too many people request your first choice or your first choice is out of your child's grade level, it will delay your child receiving FREE tutoring.
