

Wharton Kids First Foundation Presents

Jedi Master Engineering w/ LEGO Materials

at Marie V. Duffy School

**Dream it. Build it.
Wreck it. Repeat.**

Location:
TLC Room (Library)

Friday's, Mar. 27th - May. 15th 2020

(Omit: 4/10 & 4/17)

3:05pm - 4:30pm • Grades 2 & 3

\$120/per student, for the 6 week course

The Force Awakens in this advanced engineering course for young Jedi! Discover key engineering concepts such as gear trains, worm drives, pneumatics, and eccentric motion. Build projects using LEGO® materials such as X-Wings, AT-AT walkers, Pod Racers, Star Destroyers, Cloud Cities, Settlements, Fortresses, and other complex machines and structures from a galaxy far, far away.

**Please Register by Mar. 20th.
SPACE IS LIMITED!!**

Registration is taken by the Wharton Kids First Foundation.

Please contact Theresa Yeager at tyeager1@optonline.net or 973-713-1672 with questions.

For more information on the program contact Matt Grubin at matt@play-well.org or 917.723.9630

Kids are already naturally gifted creators. They dive into our massive collections of LEGO®. And while they build elaborate objects they explore fundamentals principles of engineering and physics. They also learn to collaborate and create without fear of mistakes. The experience is joyful, the impact long lasting. **Learn more at play-well.org.**
